

# Effective, affordable + simple Security Awareness Training + Simulated Phishing

Transforming habits one click at a time.

Craft, plan, and automate your comprehensive 12-month awareness and simulated phishing programme within minutes.

## Training Includes:

Unlimited Campaigns | Progress Reporting | Content-Rich Library  
Campaign Scheduling | Whitelabeled Platform

### Continuously Build Awareness

Select videos and modules, set your launch date, segment your target audience, and you're good to go!

### Keep Updated

Generate reports, monitor all activity, and keep an eye on your users' engagement.

## Training Library Includes:

Interactive Modules: Video | eLearning | Assessments ± 10 min

Standalone Videos: Reinforce learning in bite-size chunks ± 3 min

**95% of cyber security breaches are simple slip-ups, not hacker magic.**

### Simulated Phishing Includes:

Custom Email Template Builder | Performance Reporting  
Simulated Phishing Reporting Tool | Custom Scheduling

#### Campaign Creation Made A Breeze

Select an email template, set your launch date, segment your target audience, and you're ready to rock 'n roll!

#### Nail That Bait, Get A Lifeline

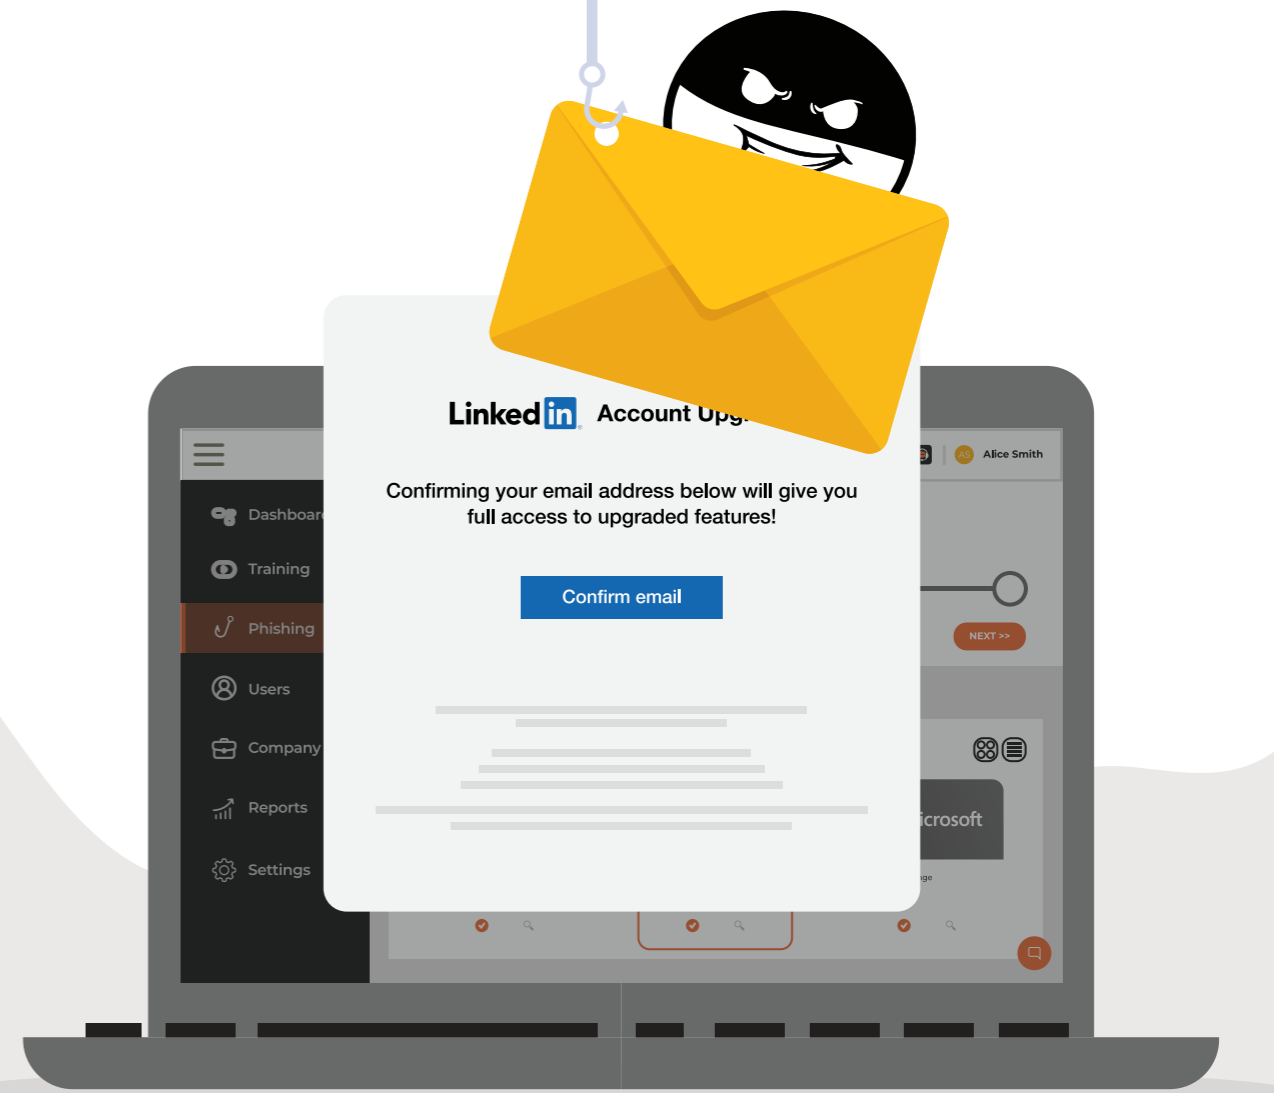

Users who bite get instant micro-training to help them dodge that hook the next time round.

#### Stay In The Loop

Keep tabs on all activity and get in-depth performance reports on those high-risk moves.

# Empower Users to Spot Phishing Attempts With Confidence

**EMPOWER YOUR TEAM  
REDUCE YOUR CYBER RISK  
SECURE YOUR BUSINESS**
